Independent Auditor's Review Report on the Interim Condensed Financial Statements To the Shareholders of Theeb Rent a Car Company (A Saudi Joint Stock Company)

#### Introduction

We have reviewed the accompanying interim condensed statement of financial position of Theeb Rent a Car Company (the "Company") as at 30 June 2022 and the related interim condensed statement of comprehensive income for the three-month and six-month periods ended 30 June 2022, statements of changes in shareholders' equity and cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with the International Accounting Standard "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

#### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

Independent Auditor's Review Report on the Interim Condensed Financial Statements To the Shareholders of Theeb Rent a Car Company (A SAUDI JOINT STOCK COMPANY) (continued)

#### **Emphasis of a matter**

We draw attention to note 3 to the interim condensed financial statements. As stated therein, during the year ended 31 December 2021, management has received a correspondence from the Zakat, Tax and Customs Authority ("ZATCA"), regarding certain possible taxes on the Company relating to the ownership interests of one of the Company's former shareholders. As at the date of this report, no official assessment has been received from ZATCA. Our conclusion has not been modified in respect of this matter.

### NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) 30 June 2022

#### 1. CORPORATE INFORMATION AND ACTIVITIES

Theeb Rent A Car Company (the "Company"), is a Joint Stock Company registered in the Kingdom of Saudi Arabia under commercial registration number 1010150661 dated 12 Rabi Thani 1419H (corresponding to 6 August 1998). The Company is engaged in car rental and leasing.

On 19 March 2020 the shareholders of the Company decided to go for an Initial Public Offering (IPO). The Company obtained on 30 September 2020 approval from the Capital Market Authority (CMA) in Saudi Arabia for listing its shares on the Saudi Stock Exchange (Tadawul). On 29 March 2021 the Company's shares started trading in Tadawul.

#### 2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

#### 2.1 BASIS OF PREPARATION

These interim condensed financial statements for the three-month and six-month periods ended 30 June 2022 have been prepared in accordance with International Accounting Standard 34 'Interim Financial Reporting' ("IAS 34") as endorsed in the Kingdom of Saudi Arabia ("KSA") and other standards and pronouncements that are issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA"). The Company has prepared the financial statements on the basis that it will continue to operate as a going concern. Management considers that there are no material uncertainties that may cast doubt significant doubt over this assumption. Management has formed a judgement that there is a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements and should therefore be read in conjunction with the Company's annual financial statements for the year ended 31 December 2021. In addition, results for the three-month and six-month periods ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

The interim condensed financial statements are presented in Saudi Riyals ("SR"), which is the functional and presentation currency of the Company.

The interim condensed financial statements have been prepared on a historical cost basis, except for derivative financial instruments, which are measured at fair value.

#### 2.2 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE COMPANY

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2021, except for the adoption of new standards effective as of 1 January 2022. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2022, but do not have an impact on the interim condensed financial statements of the Company.

#### Reference to the Conceptual Framework – Amendments to IFRS 3

The amendments replace a reference to a previous version of the IASB's Conceptual Framework with a reference to the current version issued in March 2018 without significantly changing its requirements.

The amendments add an exception to the recognition principle of IFRS 3 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets or IFRIC 21 Levies, if incurred separately. The exception requires entities to apply the criteria in IAS 37 or IFRIC 21, respectively, instead of the Conceptual Framework, to determine whether a present obligation exists at the acquisition date.

The amendments also add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

These amendments had no impact on the interim condensed financial statements of the Company as there were no contingent assets, liabilities and contingent liabilities within the scope of these amendments arisen during the period.

### NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) (continued)

30 June 2022

#### 2. BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

### 2.2 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE COMPANY (continued)

#### Property, Plant and Equipment: Proceeds before Intended Use – Amendments to IAS 16

The amendment prohibits entities from deducting from the cost of an item of property, plant and equipment, any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

These amendments had no impact on the interim condensed financial statements of the Company as there were no sales of such items produced by property, plant and equipment made available for use on or after the beginning of the earliest period presented.

#### IFRS 1 First-time Adoption of International Financial Reporting Standards – Subsidiary as a first-time adopter

The amendment permits a subsidiary that elects to apply paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported in the parent's consolidated financial statements, based on the parent's date of transition to IFRS, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of IFRS 1. These amendments had no impact on the interim condensed financial statements of the Company.

#### IFRS 9 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. There is no similar amendment proposed for IAS 39 Financial Instruments: Recognition and Measurement. These amendments had no impact on the interim condensed financial statements of the Company as there were no modifications of the Company's financial instruments during the period.

#### IAS 41 Agriculture – Taxation in fair value measurements

The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS 41. These amendments had no impact on the interim condensed financial statements of the Company as it did not have assets in scope of IAS 41 as at the reporting date.

#### 3. ZAKAT

#### Charge for the period

Zakat charged for the three-month and six-month periods ended 30 June 2022 amounted to SR 3,374,473 and SR 6,430,008 respectively (three-month and six-month periods ended 30 June 2021: SR 2,815,790 and SR 4,342,927 respectively).

#### Movement in provision during the period/year

The Movement in zakat provision was as follows:

#### 3. ZAKAT (continued)

#### Zakat of assessments

- The Company has filed its zakat returns and financial statements to The Zakat, Tax and Customs Authority ("ZATCA") for all years up to 31 December 2021 and obtained zakat certificate for those years.
- The Company finalised its zakat position with ZATCA for all years up to 2011.
- During the year ended 31 December 2019, ZATCA has issued a letter showing zakat differences by SR 13,903,441 for the years from 2012 up to 2017. The Company has made an additional provision of SR 11,743,218, during the year ended 31 December 2019, against these zakat claims for such period and filed an appeal to the Tax Violations and Dispute Appellate Committee against these differences.
- During the year ended 31 December 2021, the Company received from ZATCA a preliminary assessment showing zakat differences for the year of 2018 by SR 4,014,060, and the Company has made a provision for the full amount. Further, ZATCA has issued an amendment to zakat differences for the year of 2018, based on the clarifications provided by the Company and reduced the differences to SR 1,785,077. Accordingly, the Company reversed the excess provision in the statement of comprehensive income for the year ended 31 December 2020. Further, the Company filed an appeal to the Tax Violations and Dispute Appellate Committee (TVDAC) against these differences.
- During the year ended 31 December 2021, management received a correspondence from ZATCA, regarding the previous ownership of shares by Growth Opportunities Company for Trading, one of the former shareholders in the Company, that there are certain possible taxes on the Company. ZATCA's view based on certain assumptions, is that the Company is partially subject to income tax. In the above-mentioned correspondence, ZATCA assumed that the above-mentioned former shareholder is fully owned directly or indirectly by non-GCC nationals and accordingly, the total amount of income tax exposure as stated by ZATCA is SR 29.76 million for income tax and withholding tax exposure was set out by ZATCA at SR 3.94 million, covering the years from 2013 to 2018 and are excluding delay and other related fines. As at the date of the approval of these interim condensed financial statements by the Board of Directors, no official assessment has been received from ZATCA. Additional potential exposure for the year ended 31 December 2019, 2020 and for the period from 1 January 2021 to date of disposition of the former shareholders' shares could arise if ZATCA imposes the above-mentioned principle to all assessment years.

The Company is currently registered with ZATCA as a 100% zakatable company on the basis of its ownership structure with all direct and indirect shareholders being either GCC nationals, or companies that were established within the GCC and whose shareholders consist wholly of GCC nationals. Further, dividends distributions to the above-mentioned former shareholder, in management view, are not subject to withholding tax as it is a resident company in the Kingdom of Saudi Arabia (as a Saudi limited liability company on the basis of the incorporation documents).

Discussions with ZATCA in connection with the above matter are still on-going and the outcome of the above matter is still uncertain. Moreover, in case of any imposed position by ZATCA, in addition to any relevant fines and delay penalties, the above-mentioned former shareholder has provided to the Company an indemnity undertaking letter to bear any tax related liability that might be imposed on the Company by ZATCA in connection with the above matter. Therefore, in the light of the information currently available and the indemnity undertaking letter from the above-mentioned former shareholder, the management is of the view that it is highly unlikely that there will be any material exposure for the Company in connection with the above communication received from ZATCA.

#### 15. COVID 19

During 2020 and 2021, the Coronavirus ("COVID-19") pandemic disrupted global markets as many geographies experienced issues due to identification of multiple new variants of this infection. Significant improvements have been witnessed around the world after vaccination of mass population by various countries resulting in the reduction of active cases and relaxation of COVID restrictions. Markets, however, remain volatile, and the company's business remain sensitive to such fluctuations. The situation surrounding COVID-19 is uncertain, including new variants, and its impact on global economic conditions may continue to impact the Company's business, results of operations, and financial condition in 2022.

Management has taken a series of preventive measures, including adopting all applicable Ministry of Health safety guidelines to ensure the health and safety of its employees, customers, and wider community as well. During the period ended 30 June 2022, management has assessed the overall impact on the Company's operations, liquidity requirements, business aspects, and considered factors like effects on supply chain, the impact of demand and prices related to used vehicles, etc.

Management will continue to evaluate the above-mentioned circumstances and make judgements, estimates and assumptions about the carrying amounts of assets and liabilities considering the uncertainties mentioned above. The judgments, estimates, and associated assumptions are based on historical experience and other factors that are considered to be relevant, including expectations of future events that are believed to be reasonable under the circumstances.

#### 16. SUBSEQUENT EVENTS

In the opinion of management, no events have arisen subsequent to 30 June 2022 and before the date of issuing the interim condensed financial statements that could have a significant effect on the interim condensed financial statements as at 30 June 2022.

#### 17. FAIR VALUE

Management believes that the fair values of the financial assets and liabilities are not materially different from their carrying values, largely due to the short-term maturities of these instruments.
